DISPERSION

DECEMBER 16, 1972

Some of the females being offered in this herd. The cattle will sell in their working clothes to give buyers top reproductive performance.

GORDON BANE

SHORTHORN-POLLED SHORTHORN

DISPERSION

SATURDAY, DECEMBER 16

STARTS AT 1:00 P.M. C.S.T.

62 LOTS

It is with regret that we see the Gordon Bane Herd dispersed. Bane and herdsman Trulin Kinser have done a great job putting together a top producing herd — one that is not only outstandingly strong in pedigree but in reproductive performance.

In just a few short years this herd has become one of Southwest Kansas' most important Shorthorn-Polled Shorthorn units as indicated by its success at the Kansas State and Great Plains sales.

The late Will Johnson, editor of *The Shorthorn World*, once remarked, "My advice to anyone wishing to get ahead in the breeding of livestock is to attend every dispersion that is held. Only there can you buy the truly outstanding producers that have contributed to the other man's success."

We hope you will attend this sale and avail yourself of the many improvement opportunities being offered.

Here is a Limousin-Shorthorn cross-bred heifer selling. There is no question that the best exotic cross-breds in the country are those out of Shorthorn or Polled Shorthorn dams. If you are interested in exotics, then go the most profitable way . . . with Shorthorns.

This lengthy heifer calf is a Maine - Anjou - Shorthorn crossbred. She has the size that anyone would appreciate.

Shorthorn and Commercial Breeders

Due to the fact that we are making some major changes in our farm (much of the grass will be in cultivation), we are offering our entire herd of Shorthorns for sale. This is a new herd, but we have tried to build a herd with a lot of balance in size and beefiness.

We have showed some of our cattle and were pleased with our standing in the show ring. We think there are cattle in this sale that would please just about everyone.

We also have some cross-bred heifers and bulls to offer. These will be Limousin, Simmental, and Maine Anjou x Shorthorn cross calves. We think the commercial breeder will like them.

These cattle will be represented to the best of our knowledge as to health and soundness. We will do all we can to help all buyers get their cattle moved out, or take care of them until arrangements can be made to pick them up.
